

RED INDIAN LODGE

Where traditions begin.

A LAKE OF THE WOODS *Classic*

Legendary Canadian sports fishing and lodge hospitality are yours at Red Indian Lodge on the renowned Lake of the Woods, Sioux Narrows, Ontario.

Experience the excitement of landing a trophy northern or discovering a school of hungry walleye. Whether you're a seasoned fisherman looking for the next best challenge, or a family in search of a classic northwood's adventure, Red Indian Lodge is it.

From the comfort of our rustic, yet modern cabins, to the home-cooked meals, Red Indian Lodge offers the best of both worlds. Spend the day in the remote reaches of one of Canada's premier lakes, then return to relax in complete comfort.

Pristine wilderness, soaring white pines, guided fishing trips, shore lunches, and clear blue water are all here, waiting for you, at Red Indian Lodge.

OVER 75 YEARS IN THE *Making*

Year after year and season after season, Red Indian Lodge has been the fishing and family vacation destination of choice for hundreds of guests we now call friends.

My wife Maureen and I are proud to carry on that tradition. Over the past several years, managers Ron and Lou Kabel have watched as second and even third generations of returning guests have been introduced to Red Indian Lodge and the beautiful wilderness of Northwestern Ontario, Canada.

We give careful attention to all the details that make your vacation a memorable one. We have expert guides to put you on those prime fishing spots. Our boats are top of the line and built for navigating large lakes. We offer American Plan packages which includes full-meal service and daily maid service, as well as Housekeeping Plan packages. Whichever option you choose enjoy use of the many resort amenities including: kayaks, swimming, a game room, diving platform, tennis court, mini-golf, high speed internet and more.

We invite you to come and experience Red Indian Lodge and start your own tradition. Call now to discuss your vacation: 1-800-352-9923

Sincerely,
Dan and Maureen Graham

ENJOY YOUR *Stay*

Red Indian Lodge is spread over 15 acres at the tip of Sioux Point with over one half mile of shoreline overlooking pristine Whitefish Bay. All of our 16 one to four bedroom cabins have panoramic views of the lake and are situated to offer you privacy, yet close enough to reach all resort facilities on foot.

Cabins are exceptionally well maintained, clean, and are fully furnished including a small refrigerator, coffeemaker with complimentary coffee, clock radio, and satellite television. A guest laundry is conveniently located on the premises. Your daily rate includes maid service every morning.

Each cabin has full baths with tubs and showers. Three & four bedroom cabins have two baths. All cabins are air-conditioned and each room has individually controlled electric heat.

LET US *Guide* YOU

Our expert guides will take you to the very best fishing spots and assist you in landing your big catch. At lunch time, your guide will find a quiet island or beach, fillet your freshly caught fish, fry them to a crispy golden brown and serve them with bacon, fried potatoes, and baked beans. After lunch you are back on the water for some fast and furious fishing fun.

We have the most experienced local guides together with the best boats and motors suited for these waters.

Enjoy your time on the water with our 18 ft. Lund Alaskan fishing boat equipped with a 50 or 60 HP Mercury outboard motor or our 20 ft. Lund Cruisers equipped with a 115 HP Mercury outboard motor, 6 HP trolling motor, full windshields with convertible tops, two-way radios, and depth finders.

FISHING IS *Great*

No matter what kind of fishing action you are looking for, Red Indian Lodge is the place to find it. Lake of the Woods is a tremendous natural freshwater fishery, containing walleye, northern pike, lake trout, muskie, large & small mouth bass, crappie, and jumbo perch.

We support being good stewards of our natural resources. A majority of the trophy fish caught here at Red Indian Lodge are still in the lake! Take a photo of your big catch and we will assist you in having a replica made for a lifetime of memories.

COMFORTS & *Food*

Come to the lodge and enjoy delicious home cooked meals. All meals are prepared fresh daily and include four courses served restaurant style. Our extended dinner hours are from 6-9 p.m. each evening, so that you can enjoy your dinner at a leisurely pace. An individual table is reserved exclusively for your party.

Experience unique dining in the north woods with several 60 foot Norway Pines growing through the floor and on up through the ceiling.

The lodge's classic stone fireplace is sure to take the chill off our cool Canadian evenings, and is fully air-conditioned for those warm, sunny days.

Before or after your meal, relax in the lounge sharing fish stories, making new friends, and planning next year's trip.
